MAKING A SPLASH

MAKE YOUR BATHROOM A VERITABLE BEAUTY

WHAM, BAMO, THANK YOU MA'AM

This bathroom designed by BAMO, which counts Four Seasons and Ritz-Carlton as clients, for a house in San Francisco, is a showstopper. Featuring a Waterworks bath, Samuel Heath taps and de Gournay hand-painted Fishes wallpaper. If the idea of hand-painted wallpaper in a bathroom has you Googling 'dehumidifier', hold that thought, as a satin finish is applied for protection. Phew!
